NSTRUCTION BY CORRESPONDENCE.

Do you wish to enter the government service? If you do we can help you, It is our business to prepare persons for taking the Civil Service Examinations; to tell them what to do and how to do it. Eighty-five thousand one hundred and thirty-eight positions are now filled by the Civil Service Commission, and we prepare people so they can pass the examinations. Have you an ordinary common-school education? If you have we can prepare y on for an examination in a short time. We will give you examinations until you are prepared, marking your work just as you will be marked by the Civil Service Commission. Our charge is a mere nominal one of \$10 and after you are appointed you pay us a commission of 2 percent of your first year's salary. Thus it is to our interest to fit you as soon as possible in order to get our pay in ull. By a recent order of the President the number of places to be filled by the Civil Service is increased from 55,736 to 85,138 or by over 52 per cent. All Government em ployees are now included except fourth-class post-inasters and those persons classified as laborers. There never was a better time than the present in which to prepare for a civil service position. There never was a time when as many positions were open to competion as at present. We have our students in every Department of the Government. Some are now getting as high as \$2,000 per annum. Many are getting \$1,200, \$1,400, \$1,600 and \$1,800. We have been engaged in preparing persons for the Civil Service for cleven years and our success is shown by the large number who are now holding lucrative positions because of our assistance. We refer to the National Capital Bank of Washington, D. C., as to our ability to fulfill our promises.

Address all communications to the Secretary. COURT F. WOOD, LL. M.,
